Five Friendly Farmers

Five friendly farmers
Wake up with the sun,
For it is early morning
And the chores must be done.
The first friendly farmer
Goes to milk the Cow.
The second friendly farmer
Thought he'd better plough.
The third friendly farmer
Feeds the hungry hens.
The fourth friendly farmer
Puts the piggies in their pens.
The fifth friendly farmer
Picks the ripe corn.
And waves to his neighbour
When he blows his horn.
When the work is finished
And the evening sky is red
Five tired farmers
Tumble into bed!
