

How do they walk?

Observe five different four legged animals.

Do they all walk the same way?

Devise a code to explain how each animal walks.

E.g.

Legs A and B together

C and D together

Or, Legs A and D together

B and C together

Or, A, B, C and D separately.

Animal	How does it walk?

Animal World Records

Who can jump the furthest? Who can jump the highest?

Who can run the fastest? Who can run the longest?

Research sheet

Name of animal	Amazing animal movement!

Animal World Records

Your findings!

Use your research sheet to record below the best animal performances you found.
